## COUNTY DELEGATES TO WASHINGTON FOR SEA WALL REPAIRS REPORT

Board of Supervisors Playing Important Part In Securing Funds For Repairs and Rebuilding Bay-Waveland Riparian Bulwark.

A. G. Favre, Clerk Hancock county Board of Supervisors, and Attorney Walter J. Gex, both representing the Board officially, accompanied by County Engineer Russell Rawlins, returned home from Washington Friday night after a week's stay in Washington where they went in the interest of the Bay-Waveland seawall repair and rebuilding where necessary.

Their report is to the effect they met with success on every side regarding their mission and that the quest for federal assistance was not in vain.

They met Senator Pat Harrison who gave a good deal of his precious time to the gentlemen and the cause they represented and engineered them thru the proper channels and contacted with the powers that be. Senator Harrison untiring and is truly a representative of the people at all times and on all occasions, the gentleman report.

They were contacted with Major Lieber, chief of staff of engineers, who gave them a hearing and approved of the cause. He said that he would immediately send down engineers and others who would inspect the wall and damages and in this wise would be able to report personally and technically the necessary data for full attention.

This will come under the W. P. A. auspices and there would be no trouble nor delay in procuring the necessary funds, it was said. This wall, repair and rebuilding, will be part of the work necessary for the Board of Supervisors plans to dredge from deep water and pile a long and sloping (bathing beach) from several hundred feet out to the outer side of the wall. This will protect the wall after it will have been rebuilt and repaired.

Members of the Board of Supervisors and others connected with the Board have given this seawall matter a good deal of time and attention realizing its importance to this community and for the preservation of riparian property.

It is interesting to note the trip of Messrs. Favre, Gex and Rawlins was not in vain; that they procured what they went after and that the fullest cooperation from the federal government will be forthcoming and that will be without delay.

## SCOUT MASTERS HOLD LAST OF SERIES TRAINING SCHOOL WEDNESDAY P. M.

Headed By Steve Kenney Field Representative of New Orleans Area—Eighteen Leaders Hold Open Camp Meeting On Jordan River.

The last of a series of six training school meetings of local district scout masters' training school was held Wednesday night, August 28, at the Laurent L. Kergosien Place, on Jordan river. It was fitting that the last of this interesting and wholesome meetings would be well attended and prove a crowning success. Every circumstance seemed to have conspired to have made this gathering a success.

Outstanding was the locale of this meeting and the thanks of the scout heads and other members go in full measure to Laurent Kergosien who gave use of his place and who was untiring in more ways than one to the benefit of the affair.

There were eighteen in attendance who enjoyed every moment. Abundant food was cooked without use of utensils. The group built fires, prepared food, made bread and personally carried out every endeavor necessary for the success of a scout camp.

Steve Kenney, district field executive, was on hand and in charge of the meeting, coming out from New Orleans to be present and to participate. Arrangements for the outing were made by a committee of four, namely: Alden Maffray, Bobby Camors, Tom McCabe and Dec Elliott, every member bringing his individual equipment.

The weather was propitious and the most perfect co-operation by all concerned contributed immeasurably.

Those in attendance were: Steve Kenney, Rev. A. J. Gmelch, Tom McCabe, James Arnold, Carl Arnold, Bobby Camors, Ogden Kergosien, Charles Kergosien, Vincent Moreale, Albert Garcia, Arthur Scafide, Roland Weston, Harry Hamilton, Capt. J. W. Peairs, Henry Osoinach, L. S. Elliott.

District Executive Scout Masters Meeting, Friday, 6th.

District scout executives will meet on the evening of next Friday, September 6, at Manier's Cafe, 7 o'clock, when supper will be served and business transacted.

## Warren Doyle Wins Over Louis Lange in Tennis Contest Stanislaus Court on Sunday

A brilliant field of netters sparked the initial invitation tennis tournament played this past week-end on the beautifully surfaced St. Stanislaus courts.

Warren Doyle unseeded New Orleans ace, staged a splendid exhibition of unerring tennis by defeating No. 1 seeded Louis Lange, former New Orleans champ, in the finals with straight sets, 6-2, 6-1.

In the doubles Doyle and Wilson, in a series of dynamic smashes, blasted Lange and Choppin out with a final set score, 6-2, 6-1.

James McConnell and James Bryan of St. Stanislaus gave a good account of themselves before bowing to more experienced players. McConnell troubled finalist Lange before going out by a close 4-6, 4-6 score.

Bryan defeated Jack Fox, top ranking St. Stanislaus netter, 2-6, 4-6, in a spirited contest but was later eliminated by Val Wilson in the quarter finals.

Everyone being well pleased with the management of the contest and liking the St. Stanislaus courts so much that this will probably be an annual affair.

Brother Julian, James McConnell and Harry Dunlap had charge of the tournament.

## EXTEND FORESTRY PHONES

Lines Now Connect Remote Sections of County With Bay St. Louis—Serve Double Purpose.

Through the instrumentality of County Forester Johnson Shaw, C. O. Batson and others, the State Forestry department has extended its fire telephone lines out to the Kila and vicinity, thus giving a wider range from which to report fires in event of emergency.

This acquisition to the protection of county forest and forestry not only will prove of invaluable benefit in safeguarding the woods from destruction, but serves in another manner that is well worthy of mention. In the event of other emergency, sickness, accidents and the like the telephone line out in the vastness and thickness, as it exists, will serve humanity as well.

County Fire Ranger Shaw is untiring in his efforts. He is enamored with his work of conservation and seems to never let up in furthering the progress of his pursuit. This telephone line extended is of incalculable value and will not only protect forestry but serve humanity as well. Residents of the section along Jordan river and elsewhere are indeed grateful and they wish to manifest their appreciation and will whenever the occasion may present itself.

## TIDING FROM THE BRITISH ISLES AND BAY ST. LOUIS FOLKS

Local Residents Who Have Relatives Across the Sea—Letters Are Cheerful

With war news the biggest subject of the day and everyone's interest and hope for the defeat of Germany by Britain, or at least the saving of the British Isles and the successful defense of the Island Empire against German invasion, direct news from the islands comes to us from some of our Bay St. Louis citizens with Mrs. Mary Montgomery in communication with nieces and nephews in Scotland and to whom she offered the care of one of their children for the duration of the War, and who replied that while appreciative of the offer, they did not deem it necessary to send their children to America. Hence we see that indomitable spirit we read of in Great Britain.

While George F. Stevenson, whose father was a native of Glasgow and whose sisters and brothers reside in Glasgow and Edinburgh, had the pleasure of a short while back meeting a first cousin in New Orleans who was caught in the maelstrom of war and its effects by being compelled to return to Scotland by way of Cape Town, Africa, a trip necessitated three months time and upon his arrival in Glasgow found that his seventeen year old son had joined the Home Defense and his eighteen year old nephew had successfully come through the evacuation of Dunkirk and after a few days rest, was back in the English army ready for service again.

Last letters from relatives in England indicated a most cheerful spirit and the great courage for which the British are noted, and anything but what we hear from German broadcasts of the confusion and lack of heart of the British people.

## ROTARY COMMITTEES ANNOUNCED FOR YEAR 1940-41 BY PRESIDENT

President H. Grady Perkins Selects Workers For Local Civic Club.

## BASEBALL GAME SCHEDULED FOR THIS SUNDAY AFTERNOON

There will be an unusually interesting baseball game Sunday afternoon at the Little Fair Grounds, on Old Spanish Trail. The "Bully Zingaring Tigers" will cross bats with the Joe Loiacano All Stars, surely an aggregation of players that will give an exhibition of ball playing worth while. Free to all and not "free for all."

## "BRIDGE OF HONOR FOR SEA SCOUTS.

The Bay St. Louis Sea Scouts will have a bridge of honor in September for the awarding of medals to those scouts deserving them, and when every scout will be the recipient of some award. The public will be invited to attend the ceremonies and the date and place will be announced later.

## MYSTERIOUS "FIRE"

City fire department was called Thursday morning to the Carolyn Shop, on beach front, to what was supposed to be a fire. Smoke coming from the inner walls of the building could not be traced. Finally the smoke and burning odor disappeared. Cause remained unsolved.

## SCHOOL OPENING ASPECT

For Bay St. Louis Next Week Lends New Atmosphere and Activities

With the opening of the school sessions of 1940-41 next week for the two Catholic schools and the three public schools, Bay High School, Taylor and Webb Schools, and the colored Valena C. Jones the following week school books are being taken from their resting places where they reposed for the three months vacation period and dusted off with the anticipation of the old school bell ringing once again and boys and girls from all classes trekking back to class and taking their places once again either in new classes, or where they left off, most of them happy to be returning to school and "teacher" and class mates.

## S. J. A. Parents' Club Discusses Activities For Coming School Year.

On Tuesday afternoon a special meeting of the Parents Club of St. Joseph Academy was held at the home of Mrs. Lucien M. Gex, when a number of matters pertinent to the club's activities for the coming school year were discussed and plans made for a membership drive with the hope for the largest membership yet. The Parents' Club, under the able leadership of Mrs. Gex last year had one of the most successful years of its existence and the largest membership of any year heretofore, and parents of pupils of the Academy are urged to join or renew their membership for the coming year and assist in this great work.

## LOCAL SEASCOUTS BACK FROM RENDEZVOUS AT CAMP SALMEN, SLIDELL

S. S. S. Cavalier, Skipped by Robert L. Camors Returns From Eventful Week—Party Winds Up at Southern Yacht Club on Lake Pontchartrain Waters.

The Sea Scout Ship Cavalier returned Saturday from the Sea Scout Rendezvous which it attended last week beginning Monday, August 19, at Camp Salmen near Slidell.

The S. S. S. Cavalier, skipped by Robert L. Camors, left Sunday, August 18th in the ship's boat "The Dorothy M." and reached Camp Salmen Sunday night, having aboard as delegates to the camp, besides Mr. Camors, first mate, Charles Kergosien; officer of the day, James Bryan; crew leaders Mark Solomon and Walter James Phillips, and David McDonald, C. C. Mc Donald, Jr., Paul Lacoste, Steele Ansley and Julius Rolfs as crew members.

Upon arriving, the boys were assigned to cabins where they kept their belongings until Tuesday morning when the "Dorothy M." as flagship of the fleet of three boats—the Dorothy, the Viking of New Orleans and the Lou Lou of Camp Salmen led the fleet out into Mississippi Sound around Grassy Isle for two days of fishing. It was arranged that the crews of the different ships would have the opportunity to be aboard each boat present, this in order that ships from Little Rock, Ark., Colfax, La., and New Orleans, La., which did not attend Camp Salmen, would be able to get some first hand knowledge on sailing craft.

On Wednesday the Sea Scouts returned to Bayou Liberty and made camp on its banks about a mile from Lake Pontchartrain, and after remaining one night there, they returned to Camp Salmen spending Thursday night there and settling sail early Friday morning for the Southern Yacht Club where the scouts participated in fish boat races and concluded their Rendezvous with a bridge of honor and a dance that night.

## PRESIDENTIAL APPROVAL OF KILN SCHOOL PROJECT REPORTS SEN. HARRISON

As The Echo goes to press the following telegram from Senator Pat Harrison was received and is self-explanatory. President Roosevelt approves allotment of \$17,799.00 for completion of present high school building at Kiln and for building of auditorium. The telegram follows:

"Washington, D. C., Aug. 29, 1940.

"Chas. G. Moreau, The Echo:

"Am delighted to advise Presidential approval WPA Project No. 50,086 to complete construction of existing school bldg. and construct auditorium at Kiln Consolidated School, Kiln, Hancock County, Mississippi. Allotment \$17,799.00. Regards.

## SENATORIAL RACE.

**N**OMINATION of Senator Bilbo by over a majority of some twenty-odd thousand votes came as no surprise. Some of the most ardent White supporters were of this opinion even though they did not wish it.

The name Bilbo is somewhat magical. It carries some thirty-odd years of publicity and the Senator has held office in and out ever since. He is known practically by every man, woman and child in Mississippi. If not in person by name, Say Bilbo and that is all necessary.

Publicity has been the Senator's greatest weapon. He long ago announced for his re-election, while there was doubt until recently if Governor White was to be his opponent. Prospective candidates who hesitate to announce damage their chances immeasurably and leave a doubt in the minds of the public that is difficult to erase.

Governor White has a fine record, a clean slate. A man of success in private and public life, a man that no one may point the finger of suspicion or scorn.

But his definite decision to become a candidate came too late. His opponent had the edge on him, even forgetting that possession is nine points.

Senator Bilbo made wide claims during his campaign, during his fifty-odd speeches within thirteen days—a veritable whirlwind campaign. He made many promises.

Let us hope he will fulfill every promise; that the people of Mississippi will be satisfied with their choice. We believe in abiding by the will of the majority.

The name of Bilbo is magic.

## JUSTICE GRIFFITH'S SUCCESS.

**T**HERE will be general satisfaction and rejoicing at the news of Judge Griffith's election at the polls to nominate last Tuesday.

His success is all the more notable when we consider the splendid man he defeated. Judge Cutler is well known as one of unimpeachable character, a man of lofty ideals and whose sense of justice has never been questioned. Scholarly, he was eminently fitted for whatever high office he may aspire.

Of the two only one could be selected. That happy lot fell to Judge Griffith. May he continue in good health and enjoy long life, that he may serve the people as a justice in their highest tribunal for many more years to come.

He was unquestionably the choice of the Gulf Coast.

## A TEACHER'S HIGH CALLING.

**W**ELL, we see by the papers that the sun spots are increasing again, which moves us to wonder what they have to do with the earth and human beings.

Frankly, we understand very little about the great universe about us and, perhaps, only faintly perceive the possible connections that may exist between or world and the huge forces that sweep the vast spaces through which this planet moves.

Consequently, we like to read about scientists studying such far-away events as the rise and decline of sunspots. Their efforts to understand the mysteries of nature are interesting and commendable. Let none of us overlook the debt that we owe to many comparatively unknown men and women who seek truth in all its ways.

## DELINQUENT LISTS SHORTER.

**I**T is noted over the State delinquent tax publications are considerably shorter than in previous years. The list in Hancock County is considerably less, the printer's loss but fortunately better for the resident and other property owners. It is a telling sign, a potential indication for good, when taxpayers are able to readily meet their obligations.

A subscriber to The Echo complains about others borrowing the paper occasionally, and some regularly. Reading the county paper without paying for it. Did you ever notice a non-subscriber reading the paper with apparent fear and with evident apprehension? Furtively turning over the pages, or burying the face into the open paper and glancing on the side to see if anyone is looking. It is an awful feeling this reading the home newspaper belonging to someone else. Such conscience is guilty. And the subscriber who reads the paper week after week without paying for same somewhat comes under this indictment. Our complaining subscriber seeks a remedy, driven to point of exasperation.

Reading a good book may not improve you much but it won't hurt you.

Speeding automobiles may make life faster but it sometimes makes death speedier.

The Presidential campaign, we are advised, won't get under way, in full power, until the latter part of September—this is early enough.

Schools will soon reopen and millions of young Americans will learn, to their regret that the schoolhouse didn't burn down during vacation months.

We have little doubt but that Hitler would appreciate it very much if the people of the United States would undertake to feed all the people of the territory that he has seized.

## WHERE ONE LOVES TO LIVE.

**F**EW cities the size of Bay St. Louis have as much community life as we. That is why people are wont to live here and when necessary leave for economic or other reason do so reluctantly.

Every phase of community life flourishes. There are abundant schools and churches for the building of character, developing of the mind and soul and for the cultural side.

Churches and schools are supplemented with a main library and auxiliary ones as well over the county, for both races.

Every organization seems to be well represented. For the young there are boy and girl scouts in more than one troop; there are the sea scouts as well.

Luncheon clubs represent the civic and fellowship side. Churches and schools have their various organizations, and the Parent Teachers' associations flourish here to high degree.

Organizations readily and abundantly sponsor children's free school lunches. There are organizations that do much charity, one in particular known as St. Margaret's Daughters; the Home Missionary Society, to function under new title, has long been active and successful.

And of these none the least the King's Daughters. Their county hospital, located in Bay St. Louis, is an outstanding institution, healing the sick and taking care of the sore and afflicted, sharing its organized forces to assist those in stress, directing and advising.

We have our many clubs, athletic and in the many other phases that make for the better christian, both in soul and in body.

No cause goes unheeded. The cry for succor is readily heeded. The helping hand is ever there and no cause or public demand suffers for lack of support.

These things, enumerated exists in other communities, but it is safe to say not in numbers, as actively and with such meaning as here. While they are numerous they are none the less fully genuine. These things keep the mind and willing hand busy. At no time is there a lull in the activity of our community life.

Our community life is not only abundant but wholesome. Or people are genuine. They wear their hearts on their sleeves; the latchstring hangs on the outside.

## ADULTS NEGLECT CHILDREN.

**T**HE children of Bay St. Louis are important assets but they seldom get the consideration that they deserve from the adult-dominated world.

Inexperience that leads little feet astray is not often outright malevolence. It is more often the result of misguided intentions and a failure of grown-ups to properly advise and train youth.

There are so many pitfalls ahead of young people that the wonder is not that some of them fall into life's traps but that any of them escape the snares. Older individuals are not as concerned over the growth, development and progress of youth as they sometimes pretend.

The activity of young people in any given community can be determined largely by the influence of adult if the adults will take the time and trouble to lead youth. Most of the older persons are so busy looking out for their own pleasures and attending so vigorously to their own business that they let their young grow up at will.

We are not pessimistic, either about the old or the young, but we believe there is room for great improvement in the lives of both age groups. The older people of Bay St. Louis should devote much serious thought to the problems, not of their young days, but of the youth of today in the modern world. They will be richly repaid for their labor and the human race will make important gains.

## TRUTH IN ALL ITS WAYS.

**W**ITH schools of Hancock county about ready to begin their new year it might not be amiss, without being critical, to urge all teachers and school officials to think seriously of the opportunity that they have in training youth.

Of course, we know that school workers are not overpaid and that their work is not often appreciated as much as it should be. This, however, is not the fault of the school children, many of whom come from homes that do not give them adequate training for anything.

No person has a higher regard for teachers, as a class, than we have but it is human for individuals in a great system to acquire a machine-like slant to their work, considering it as an unimportant segment of a social structure. This is not true and teachers should carefully guard against this attitude of futility toward their own work with youngsters.

The influence of a good teacher upon the life of a growing boy or girl cannot be overestimated. Similarly, the depressing effect of a careless, or unthinking teacher is seldom realized by adults. While no one can reasonably expect perfection from human teachers it is highly important that teachers themselves take pride in the nobility of their profession.

## SUMMER RESORT SEASONS GROWING SHORTER.

**T**HERE is general complaint the summer season at resorts grows shorter every year; that it starts late and winds up on Labor Day as the time limit. Whereas, it is stated, in former years resorters lingered long into the September month and then hesitated to go home unless the weather grew cold and resorters were forced back home.

Setting of Labor Day, first Monday in September, seems to have established a dead line, as it were. This is found in all resorts, not only on the Mississippi Gulf Coast but elsewhere. Business and other interests seem to be guided by this limitation and in fact many of the things are said and done according to this formula of time—from the Fourth of July to Labor Day.

Bay-Waveland, however, affords a happy medium. In close proximity to New Orleans, from which we draw the bulk of patronage, offers all the year round resort homes and many are the visitors and others who visit here for week-end in and out of season.

## Hollywood Notes.

**J**OAN Fontaine will probably play opposite Ronald Coleman in Ferenc Molnar's "The Swan" the screen rights of which were bought from David O. Selznick by William Hawks. "The Swan" is the first of five starring Ronald Coleman pictures which Mr. Hawks is contracted to make in the next three years for RKO.

Twentieth Century-Fox has decided to abandon their sequel to "The Californian," with Tyrone Power. The sequel was to be based on Johnston McCulley's "Zorro" stories. The decision to abandon this movie was based on a protest from Republic which has produced two series based on the character "Zorro."

James Cagney and Humphrey Bogart will have the opportunity of bettering the performances of Victor McLaglen and Edmund Lowe if Raoul Walsh is successful in buying "The Cockeyed World" which was first produced by Fox in 1929.

Robert Benchley has signed a contract with Walt Disney to add live humor to "The Reluctant Dragon," a feature that will probably be released late this winter. The picture will consist of both live action and animated cartoons.

Norman Krasna will receive \$60,000 for writing Marlene Dietrich's new scenario (\$60,000 without a title).

"The Devil and Miss Bishop," with Jean Arthur is to be directed by Sam Wood who directed "Kitty Foyle."

"The Man From Cheyenne" is to be renamed "Law and Order," Johnny Mack Brown has the lead.

Jane Clayton has been given the feminine lead in Warner's "Father Knows Best," which is perhaps a remake of "Big-Hearted Herbert." Nana Bryant and Grant Mitchell will probably be in the supporting cast.

Because the authors of the comic strip demanded supervision of the production, Republic has abandoned its "Superman" serial and has substituted "Dr. Satan" in its place.

Victor Mature will get one of the male leads in RKO's "No, No, Nanette," in which both Anna Neagle and Richard Carlson have leads.

Buddy Ebsen appears to have been moulded to play the title role in "L'I Abner"—its our guess that he will.

John Garfield is to have the lead in Warner's remake of the 1934 picture "Mandalay."

Clark Gable may play the male lead in "Metro's" remake, "Clear All Wires." This part was originally scheduled for Robert Young.

## Bay Residents Enlist In United States Army

Walter R. Merritt, son of Mrs. Emmaline Moody, of Bay St. Louis, and Joe V. Perniclaro, Jr., son of Mr. and Mrs. Joe V. Perniclaro, Sr., also of Bay St. Louis were recently enlisted in the United States Army, according to Sergeant E. A. Tunks, Army Recruiting Agent in New Orleans.

Both Mr. Merritt and Mr. Perniclaro will be stationed at Fort Benning, Columbus Ga., with the 20th Field Artillery.

## NATIONAL DEFENSE

There are indications that the people are becoming impatient over delays in the preparedness program, and there is a rising demand for more speed. Industry blames Congress, claiming that it cannot proceed without knowing what excess profits taxes will be levied and what provisions for the amortization of the cost of new factories will be made, and Congress is inclined to question the patriotism of industrialists who refuse to go ahead in an emergency of this kind until they know what profits will be in it for them. The real reason for the delay is probably not so simple as either of the above but is a combination of a number of factors. The necessity for haste is realized by all; but it is unfortunate that there should be any bickering among various groups. If Congress is responsible, Congress should be big enough to admit it and pass whatever legislation is necessary to remedy the situation. If industry is the guilty party, it should be patriotic enough to step out and admit it, or it should be made to be patriotic enough to do so. Of course the crux of the whole thing is that Congress has not passed the legislation which industry desires, and industry has been stalling, awaiting the passage of this legislation. Industry wants to be assured of a definite minimum profit. Congress, remembering the millionnaires made in 1917 and 1918 and the public funds wasted, is leary. That this is a bickering day is now evident. The passage of the new tax bill will go a long way toward that.

## Camp Shelby

Those of us interested in the development of Camp Shelby as a National training camp for American soldiers had our wishes gratified last week when the War Department officially announced that the Camp had been designated as a training center. Of the thirty-four camps designated for the training of the National Guard the one at Camp Shelby will be the largest. Two divisions, 36,600 men, and various miscellaneous units, 5,250 men or a total of 41,850 men will be stationed there. It is thought that the men will be on the ground there within sixty days.

Aside from any sentimental or patriotic pride that Mississippi will have in thus being designated for the second time as a site for the training of troops on a national scale, it is quite evident that the expenditure of hundreds of thousands of dollars will mean much to the people of South Mississippi. It will mean a market for their local produce; it will mean payrolls. In fact, the material gain from the location of this camp in Forrest county will be felt by every county in South East Mississippi.

## Population of Mississippi

According to the preliminary figures issued by the Census Bureau Mississippi has a population of 2,181,763 as compared with 2,009,821 in 1930. This is an increase of 8.6 between 1930 and 1940 as compared with 12.2 percent between 1920 and 1930. While the percentage of increase was lower during the last ten years, Mississippi is among the States whose increase is above the national average. So it is certain we will not lose a seat in Congress, as we did under the last apportionment. Whether we will regain the seat we lost is still uncertain.

Bill Jones, a country storekeeper, went to the city to buy a stock of goods. The goods were forwarded immediately and arrived immediately and arrived before Bill. As his wife looked at the largest box, she gave a shriek and rushed for the hammer. A neighbor, coming to her assistance asked what was the trouble. Pale and trembling, she pointed to the notice on the lid: "Bill inside."

ST. ROSE DE LIMA  
SCHOOL TO OPEN  
SESSION SEPT. 5TH.

Father Holken Announces  
Opening Date — Eight  
Nuns in Charge.

Rev. Father Wm. Holken, pastor of St. Rose de Lima Church on Ne-caise avenue, announces that the St. Rose de Lima Parochial School for colored pupils for the season 1940-41 on September 4th with the school session officially opening on September 5th.

The primary and grammar grade pupils will receive free text books as allowed by the state with the same provisions for care and return of same as required by all other schools. The St. Rose de Lima School closed its successful session the latter part of May when ten graduates completed the prescribed school course, and this session will open with twelve seniors.

The school is under the direction of Father Holken with eight nuns of Sisters Servants of the Holy Ghost in charge of the school and has accomplished remarkable results in the educating of colored children.

## PASCAGOULA PLANS HUGE BAND FESTIVAL

Under the auspices of the Pascagoula band auxiliary, Pascagoula is planning a large band meet to which the majority of southern Mississippi, Alabama, and Louisiana bands will be invited.

Plans are going forward rapidly but as yet no definite plans have been formulated. Tentative plans include a stunt contest; a marching contest; a twirling contest; a beauty review; a carnival and seafood supper. Dancing from three in the afternoon until midnight.

Each band will be judged on a point system which will give every band an equal chance to win one of the worth while prizes which will be offered.

## Moss Point Sets New Record For Payment of Taxes

Moss Point, Miss., August 24.—  
Officials and citizens of Moss Point  
are swelling with pride today over  
the new tax-payment record set this  
week.

Publication of the delinquent tax sale notices revealed only two pieces of property with taxes unpaid. The total due on the two parcels of land is \$8.77. There are 450 real estate tax payers in the city of 2,800 inhabitants and it is believed that the tax payments set a record for cities its size in Mississippi.

The assessed valuation of the property in the city has been set at \$1,019,540 and the rate is 26 mills. W. G. Stewart, city tax collector, expressed the opinion that the reason the taxes on the two delinquent properties have not been paid is because they have been sold. He stated that the new owner is not aware that the taxes remain unpaid.

REGULAR MONTHLY MEET  
CO. BOARD SUPERVISORS.

## STATE OF MISSISSIPPI

## COUNTY OF HANCOCK.

Be it remembered that a regular meeting of the Board of Supervisors of Hancock County, State of Mississippi, was begun and held at the Courthouse of said County in the City of Bay St. Louis, on Monday, August 5, 1940, at 9 o'clock, A. M., the same being the time and place for the holding of said meeting. There were present, to-wit: Chas. B. Murphy, President of said Board; John B. Wheat, Calvin Shaw, Landor Necaise, and Ed P. Ortte, members; H. L. Kergosien, Sheriff of said county, and A. G. Favre, Clerk of said Board.

The Board having directed the Clerk of this Board to advertise for bids for furnishing to Hancock County for its use in constructing and reconstructing roads in cooperation with the Works Progress Administration pursuant to Senate Bill 145 of the Laws of 1940 the following described road machinery and equipment, to-wit:

One Diesel Motor Grader, with a 4-cylinder motor of approximately 66 h. p., Electric starter, Crank Case Guard, and with a bull grader mounted thereon. Said bull-grader to be equipped with front end pump

## METHODISTS HOLD ALL-DAY MEETING OF STUDY LEADERS FOR SEASHORE

District—Sixty-Five Visitors Served—Many owns In District Represented—Organization To Be Known As Woman's Society of Christian Service.

Preparatory to the organization of the Woman's Society of Christian Service in the Methodist Church, a Study Leaders Meeting was held for the Seashore District at the Main Street Methodist Church last Thursday. This was an all-day meeting and lunch was served to sixty-five visitors, most of whom were from out of town.

The auxiliaries who sent representatives from the district were Gulfport, Biloxi, Pascagoula, Poyune, Poplarville, Pass Christian, Long Beach and Moss Point. The meeting was in charge of the District Secretary, Mrs. L. J. Power of Gulfport.

The meeting was opened with the Worship Program by Mrs. C. M. Shipp of Bay St. Louis.

Mrs. Paul Arrington, the Mississippi Conference President, presented "The Challenge of Change" to our women. She also brought much inspiration to the missionary workers from the colored Woman's Training School which was in session during the entire week at Gulfside, where she assisted in teaching.

Mrs. Stanley Wilson of Meridian, the conference superintendent of Christian Social Relations, presented the topic "The Church Serving Shifting Populations."

Another out-of-town speaker on the morning program was Mrs. E. V. Perry of Rolling Fork, the conference study leader. She gave assistance in presenting the study book for the fall "Shifting Populations."

A most attractive lunch was served in the dining room of the annexed by the Bay St. Louis women who also presented a skit depicting the migrants of our United States as they harvest the crops in the different sections at successive seasons of the year. The centerpiece on the long dining table was most artistically arranged displaying some of these crops.

After lunch, the conference was divided into interest groups where explanation of the new organization was gone into detail.

Altgether the conference forecast great potential possibilities for service awaiting the Methodist women in this new organization which is to have its charter meeting the third Tuesday in September at the Methodist Church.

### Albert Twickler, 75, Former Bay Resident, Dies at New Orleans.

The death in New Orleans on Monday of Mr. Albert Twickler, seventy-five years of age, was noted here by a number of residents with deep regret. Mr. Twickler and his family residing here in the home now owned and occupied by Miss Lucy Richardson on Sycamore street for a period of several months or weeks each year.

Mr. Twickler was the father of a large family and had resided in Algiers and Gretna and his funeral was conducted from his home there on Tuesday morning with requiem mass at St. Anthony's of Padua Church and interment in St. Joseph No. 1 cemetery.

## NYA OPENS EIGHTY-TWO INTAKE OFFICES IN MISSISSIPPI

Eighty-two new NYA intake offices will be opened in Mississippi this month (one in each county) to receive applications from out-of-school youths interested in enrolling for NYA work experience training. This move is in response to a new regulation, designed to make it easier for young people to become eligible for employment on the out-of-school work program in the National Youth Administration, that was announced Thursday by Administrator Aubrey Williams.

In a letter addressed to Mr. J. C. Flowers, Mississippi NYA Administrator, Mr. Williams said the new requirements for certification for NYA work had been defined under the 1941 Labor-Federal Security Appropriation Act to read as follows: "A youth shall be eligible for certification if he is in need of employment, work experience, and training."

One new personnel has been added to each of the NYA District offices to assist in carrying out this new undertaking, Mr. Lawrence Timmons has been placed in the office of Mr. G. T. Pound, Tupelo, Mississippi; Mr. O. R. Bantz has been placed in the office of Mr. F. M. Brewer, Hattiesburg, Mississippi; Mr. Carey Littlejohn has been placed in the office of Mr. George M. Deen, Greenwood, Mississippi; and Mr. P. C. Sylvester has been placed in the office of Mr. R. P. Neblett, Jr., Brookhaven, Miss.

The county offices of the Department of Public Welfare will continue to assist the eligible youth by certifying them for the NYA program. Heretofore under the various relief acts, certification to the NYA has required a consideration of the needs of the entire family on a budget basis and nearly all NYA youths have come from relief families. The new definition will make it possible to reach marginal groups and to select youth for NYA projects on the basis of their need of employment and their suitability for the type of work provided by the project.

Under this regulation, Mr. Williams said he expected NYA offices to register as eligible a large number of additional youths for the NYA program during the fiscal year just started. He directed the State Administrators to convey this information to schools, employment services, county agricultural agents, H. Clubs, service clubs and the YMCA and all other agencies and individuals that may be in a position to recommend youths for employment.

Young people from 18 to 25 who are out of school, and unmarried are eligible for the NYA and in previous years. Williams also asked that Administrator Flowers to make a survey and report as soon as possible how many of those previously certified for NYA work would be ready to accept employment if offered them.

This offer is designed to discover to what extent industry has given employment to those who were employed and certified as needy a few months ago.

These steps, Williams said, will help to determine the extent to which NYA could gear its present program to the preliminary work-training program now being drafted under the National Defense Advisory Commission.

## Labor Day To Be Observed on Monday; Large Crowds Expected.

Next Monday, September 2, will be Labor Day, a general holiday and to be observed as such.

Bay St. Louis stores will be closed for the half afternoon day, while other places of business, offices and the like, city hall, courthouse, will dispense with business for the entire day.

From reports large crowds will visit the Gulf Coast this year for the week-end, and Bay-Waveland will get liberal share of this number of week-end vacationists.

It might be well to remember the slogan, "Safety First" for Monday, the day it appears when many casualties are recorded. Tragedies that might be averted with a little care and the exercise of caution.

## Wake Lazy Insides All-Vegetable Way

Here's a laxative that generally acts thoroughly, but is a gentle purgative if used by simple directions. Take BLACK-DRAUGHT at bedtime. There's usually time for a good night's rest. Morning generally brings a thorough evacuation; relief for constipation's headaches, lightheadedness. Try spicy, aromatic all-vegetable BLACK-DRAUGHT. 12¢ economical, too: 25¢ to 40¢ doses, 25¢.

**BAUXITE**, valuable for its aluminum content, is a very necessary mineral in modern aeroplane construction. Mississippi has Bauxite in Pontotoc, Tippah, Benton, Union, Calhoun, Webster, Oktibbeha, Winston, Neshoba and Kemper counties.

Anemia has no place in Mississippi where due attention is paid to diet, states Miss Olive Sheets of the Mississippi Agricultural Experiment Station. According to a statement just released Miss Sheets says, Turnip greens, collards, soybeans and Cowpeas are valuable because of the large iron content of these vegetables.

Raymond L. Sullivan, director of the Mississippi State Employment Service, advises workers in Mississippi not to leave the state on what prove "disappointing" searches for employment in other sections in National defense industries.

The 1940 Annual meeting of the Mississippi Forestry Association will be held in Jackson on Tuesday, September 10. An interesting program has been arranged, and a record attendance is expected.

The first Oil Exposition ever held in Mississippi is being staged August 28-29, at Yazoo City. Thousands of people are expected to attend the gala celebration.

The northern part of Mississippi and most of the Delta section are almost free of boll weevils and except for scattered spots in the Delta there is little prospect of enough increase in those areas to do any damage this season, advises the State Plant Board. During the past week Board inspectors and Government entomologists examined 52 farms in 15 counties, finding weevils on 38, with an average infestation of 13 percent, while a private survey in Lee county on 39 fields showed 38 infested with an average of only 2 percent and a high of 7 percent. Cotton is reported in fine condition in the northeastern corner of the state. Alcorn, Prentiss, Tippah and Tishomingo counties showing no weevils at all.

School bells throughout Mississippi will soon be ringing, which small boys and girls will regret. Vacation days will be over, and back to class rooms and books will be the order of the days. It will be the first session held under the new free text book law enacted by the 1940 Legislature.

No doubt fishermen have wondered whether a fish hook hurts a fish. The Mississippi Game and Fish Bulletin for August states: "Fish suffer little if any pain when they are hooked, for there are very few nerves about the jaw which could cause that sensation."

The General Electric Company's factory, at Jackson, will be 800 feet long, 80 feet wide, two stories high and contain 140,000 square feet of floor space. Approximately 400 persons will be employed in the factory which is expected to begin operation about January 1, 1944. The factory will manufacture fluorescent lighting fixtures.

Prebuilt houses are now being manufactured in Mississippi at Jackson. The Prebuilt Housing Corporation employs about 75 men in this industry.

The announcement that the 1940 State Fair is to be held in Jackson will be welcomed by the people of Mississippi. However, in order to reduce the expense of conducting the fair, the officials of Jackson state it will be necessary to cut out the street parades and make other eliminations to cut expenses.

The Greenville-Lake Village Bridge across the Mississippi at Greenville, will be dedicated September 17. The approximate cost of this bridge is \$4,447,000.00; the total length of the bridge is 12,991 feet, or 2 1/2 miles. This bridge is a part of U. S. Highway 82, and makes a new connection between the East and the West. U. S. 82 is one of the main trans-continental highways of the nation. Secretary of State Walker Wood, was one of the prominent Mississippians responsible for the movement which culminated in the erection of this bridge.

## DARRYL F. ZANUCK'S "MARYLAND" GREAT FILM IN TECHNICOLOR

Exciting Picture Holds To Traditions, Beauty Of Proud South.

The romance, beauty and traditions of the proud South, climaxed by the most spectacular Steeplechase in America, "The Maryland Hunt Cup Race," are highlights of Darryl F. Zanuck's Technicolor production of "Maryland," new 20th Century-Fox picture which comes to the A. & G. Theater Sunday and Monday.

Said to be greater than the tremendously popular "Kentucky," "Maryland," which was directed by Henry King, promises to be rated as one of the best pictures of this or any entertainment season.

### Rich in Talent

Three leading members of the cast in "Maryland" have been awarded "Oscars." In addition, five members of the production staff have been honored. The superb list of prominent players is headed by Walter Brennan, the Academy Award-winning star of "Kentucky." The human, lovable role of the horse trainer in "Maryland" has been called another made-to-order part for him.

Fay Bainter, who won an Academy Award for her sterling work in "Jezebel," has another important featured role in the picture.

Brenda Joyce and John Payne, as the headstrong young lovers, torn by fierce family pride, share the romantic lead. Others prominently featured are Charlie Ruggles, Hattie McDaniel, who won an Academy award for her portrayal of the lovable kerkie Mammy of "Gone With the Wind" and Marjorie Weaver.

Ethel Hill and Jack Andrews wrote an original screen play for "Maryland." Gene Markey was associate producer.

## THE ECHO'S COOKING CLASS

WHEN making pie, use a reliable recipe for your pastry, even then the pie may be a sorry one, as much success depends on the baking. A pastry shell should be baked at 500 degrees for 12 minutes. In a double crust pie, as cherry pie, the oven should be 450 degrees and remain in the oven 40 minutes, the last 10 minutes reduce heat to 400 degrees.

### Pecan Pie

1 cup Karo syrup, light  
1-8 lb. butter  
1/2 cup sugar  
3 eggs  
1 cup pecans  
1/2 teaspoon vanilla  
Put butter, syrup and sugar on to boil gently, about 5 minutes. Beat the eggs well. Add the hot liquid, stirring constantly. Add vanilla. Put chopped nuts in pastry lined pan. Pour in mixture and cook in an oven 350 degrees for 40 minutes.

### Lemon Meringue Pie

1 cup water  
1 cup sugar  
2 eggs  
2 tablespoons cornstarch  
Juice and grated rind of 1 lemon  
Salt  
2 tablespoons sugar for meringue  
Boil water and sugar together, add cornstarch, which has been moistened with a little water. Cook 5 minutes which have been beaten. The lemon juice, rind and salt. Cook slightly. Pour into a baked shell. Cover with meringue and bake.

### Banana Pie

1 cup milk  
2 eggs  
1/2 cup sugar  
1 1/2 tablespoons flour  
Butter, melted  
1 teaspoon vanilla  
3 bananas  
Heat milk. Beat egg yolks and add sugar and flour. Beat well. Add to hot milk, add butter, cook until thick. Cover the bottom of a baked pie shell with sliced bananas. Sprinkle with lemon juice. Pour custard over bananas. Cover with meringue and bake.

### Jellied Maple Nut Pie

1 tablespoon gelatin  
4 tablespoons cold water  
1 cup heavy cream  
1/2 cup milk  
2 egg yolks  
3-4 cup chopped pecans  
Soak the gelatin in the cold water and dissolve over hot water. Heat the milk and maple syrup together in the top of a double boiler over boiling water. Beat the egg yolks and add slowly to them the hot milk mixture. Return to the double boiler and cook until thickened. Remove from fire and add the dissolved gelatin. Cool until the mixture begins to thicken, then fold in the whipped cream and 1 cup of the nuts. Pour into a baked pie shell and sprinkle with remaining nuts.

### Pine and Orange Pie

1 cup prunes  
1 1/2 cups boiling water  
1/2 cup sugar  
1-3 cup flour  
1-8 teaspoon salt  
2 squares bitter chocolate  
3 eggs  
1 teaspoon vanilla  
Heat milk to scalding in a double boiler. Blend together the flour, sugar and salt. Add the milk and stir until thick and smooth. Add melted chocolate, then cover and cook 15 minutes. Beat egg yolks, add thick hot sauce to them very

## SENATOR PAT HARRISON OUTSTANDING FIGURE IN NATION'S HIGH SALON

Mississippi Is Justly Proud of Its Native Son Who Rose From Ranks of the People to Become Chairman of the All-Powerful Finance Committee—Ranks High in Eyes of Nation—Personal Friend of the President.

(For The Sea Coast Echo)

Washington, August 29—Senator Pat Harrison of Mississippi, engaged in the task of preparing an excess profits tax measure, an important feature of the national defense program, will have a quiet observation Thursday, August 29, on his fifty-ninth birthday.

In good health and in fine spirits, the chairman of the Senate Finance Committee, whose career began as a newsboy on the streets of Crystal Springs where he was the star salesman for the Memphis Commercial Appeal, commented that "Thursday will not be out of the ordinary; I'll spend the day as usual, attending to my duties as a member of the Congress."

But as he busied himself today with the affairs of state, he took time enough to reflect that his 31 years as a member of Congress "have been happy ones spent in the service of my state and nation."

"The people of Mississippi have been good to me," he said. "I deeply appreciate their kindness, their faith in me and their bestowal of the honors of high office on me. I would like to renew by association of no place I would rather be, but the pressure of legislative work, particularly in these trying days, deprives me of that time."

Senator Harrison came to Congress in 1911 as a member of the House from the Coast district of Mississippi. As a youth, he had attended Louisiana State University, where he was a mainstay of the baseball team's pitching staff. Later he taught school in Mississippi and studied law. Elected district attorney, he was elected to the Senate in 1919.

And now, as he shoulders some of the government's burdens as the nation enters a gigantic preparedness program, he looks back on the World War days when he was associated with President Woodrow Wilson, a period which definitely marked his rise to a place of leadership in the nation's affairs.

"Now dark days are upon the world again," he said today. "We are girding our defenses. While I will never vote to send our youth across the seas, I believe that some form of selective service is necessary. We must all indulge in sacrifice. Money must share the burden equally."

It is therefore ordered that the further hearing of said obligations be continued until Saturday morning, August 10, 1940.

Be it ordered by the Board that the Board adjourn until Saturday morning, August 10, A. D. 1940, at 9 o'clock A. M.

Saturday morning, August 10, A. D. 1940, at 9 o'clock A. M. the board met pursuant to adjournment. There were present as on yesterday.

The Board having taken up the matter of objections to the assessments of personal property for the year 1940, and to the assessments of real estate for the year 1940-41, the same not being concluded.

It is therefore ordered that the further hearing of said objections be continued until Monday, August 12, A. D. 1940.

Be it ordered by the Board that the Board adjourn until 9 o'clock A. M. on Monday morning, August 12, 1940.

ly with manpower. In view of the national defense program, taxes will increase. As a united nation, let us face the future with calm heads and stout hearts."

Ever a power in the Democratic party, Senator Harrison was of the behind-the-scenes workers in arranging the presidential nomination for former Governor James M. Cox of Ohio in 1920 on a ticket that included Franklin D. Roosevelt for vice president. In 1924, he was the temporary chairman and keynote speaker at the celebrated Democratic national convention in New York when he tickled the country's funnybone with the phrase, "show me an oil well and I'll show you the Republican party," a quip based on the Teapot Dome scandal. In 1928, he worked valiantly for Alfred E. Smith, the party's nominee for president. In 1932, he was an important factor in the nomination of Mr. Roosevelt.

With the election of Mr. Roosevelt Senator Harrison's legislative life began a new phase. Always renowned for his ready wit, keen forensic weapons and ready repartee in debate, which won him the appellation of "Senate Gadfly" and also recognized for his legislative ability, he for years had been one of the Senate's most effective oppositionists to the Republicans. But in 1933, he was named chairman of the all-powerful Senate Finance Committee. On him rested the responsibility of piloting to passage many of the innovations of the New Deal's program, which he did. Once the "gadfly" he's now known among newspapermen as "The Mississippi Fox" because of his mastery of the art of legislative procedure and his adeptness in gaining his objectives.

For eight years under the Roosevelt administration, he has been one of his party's outstanding leaders. He pioneered in the Social Security legislation, the New Deal farm program, tax reforms and in many other fields.

As a member of the Senate Foreign Relations Committee, ranking next to Chairman Key Pittman, he has a powerful voice in that group. As he nears his fifty-ninth milestone, he is still engrossed in dealing with the nation's domestic and foreign problems.

## DONKEY BASEBALL TO BE PLAYED SEPTEMBER 4, BENEFIT HOSPITAL ROOF

Unusual and Novel Game to Attract Many to St. Stanislaus Stadium in the Interest of Good Cause—Roster of Players Who will Ride the Donkeys and 'Play Ball.'

Of all the hilarious comedies offered will be the hospital re-roof fund benefit to take place at St. Stanislaus college stadium on the night of Wednesday, September 4, at 8 o'clock.

A baseball game to be played by men riding donkeys is something to think about, to anticipate and to realize as an event of fun and nothing but fun, particularly since the game will be played and the donkeys will carry prominent business men from Bay St. Louis.

It is hoped a goodly sum will be reached and ample to complete the fund with which to re-roof the King's Daughters' Hospital. Only a small admission fee will be charged. Don't miss the donkey baseball.

Following is list of the players who will enjoy the game and entertain the spectators:

## REPORT OF CHARITY CIRCLE.

(Continued from page 1) fifty pieces of second-hand clothing were given out; thirty pair shoes and eight pieces of furniture given to assist persons whose home was destroyed by fire.

However, besides the figures above, there are numerous other ways in which organization assists and when it is considered that there are at present a comparatively small number of active members and workers for a great work of this kind, the above facts will speak for themselves and tend to show the great amount of good this organization performs.

## 'Big 5 Tigers' Baseball Team To Play Sunday.

Baseball fans, there is a treat in store for you, on Sunday and Monday, September 1st and 2nd, when the 'Big 5 Tigers,' colored team of Bay St. Louis, meet the Algiers Giants, hard-hitting team for Algiers. Batteries for Big 5 Sunday, Favre and Lanoux; Monday Big Jake Palmer. For Algiers, Sunday Peanut and Biogle; Monday, Pretty Boy and Barrow.

Games will be played at St. Stanislaus Stadium on Sunday at 3:00 P. M.; Monday at 1:30 P. M. Special seats will be reserved for white fans. Come out and help your home boys win the \$50.00 purse. General admission will be 25c and this is where you will really get your money's worth, because these two colored teams are tops in their class.

## HEITZMANN-RODRIGUEZ

On last Saturday evening at seven o'clock the wedding of Miss Marie Rodriguez, daughter of Mrs. Mabel Lafrance, of Ansley, and Theodore Heitzmann, son of Mr. and Mrs. Edward Heitzmann, Sr., was quietly solemnized at Our Lady of the Gulf Church with the Very Rev. Father A. J. Gmelch officiating.

Attendants for the wedding were Miss Ann Benvenuti daughter of Mr. and Mrs. A. Benvenuti, and Leslie Blaize son of Mr. and Mrs. R. Blaize.

Miss Rodriguez was prettily attired in a navy blue sheer with hat, shoes and purse, while Miss Benvenuti wore a dark blue Fall model with black hat and shoes.

Immediately after the ceremony the wedding party and relatives enjoyed a dinner at the Gem Cafe.

Mr. and Mrs. Heitzmann are residing in a cottage on Hancock street.

—The commercial building erected by Laurent Kergosien on Highway 90 just adjacent to the Water Works is nearing completion and promises to be one of the most attractive buildings of its type in Bay St. Louis. Mr. Kergosien is to be commended for his enterprise. This is a new commercial section of Bay St. Louis and by no means a small one.

—News was received by the family of Mrs. A. A. Kergosien who is visiting with her son-in-law and daughter, Mr. and Mrs. Joe Blaize in Jasper, Alabama, of her serious illness and Miss Clara Kergosien left on Tuesday night via Pan-American to be with her mother. A report received on Thursday morning stated that Mrs. Kergosien's condition was very much improved.

—Mr. and Mrs. F. R. Curran have as their house guests this week Mr. A. L. Mixon, and Mrs. Bertha Waters, father and sister of Mrs. Curran of Dodson, La., and Mrs. Horace Crawford of Winnfield, and Mr. Daniel Mixon of Lubbock, Texas, sister and brother of Mrs. Curran, all of whom arrived on last Sunday and will return to their homes on Saturday of this week.

## WITH THE FISHERMEN AND HUNTERS

FOR the past few days many mackerel have been caught along the railroad bridge by enthusiastic fishermen. The names of those enjoying this sport are too numerous to mention. Tuesday morning the only one missing on the bridge was a "traffic cop" to handle the crowd.

To mention a couple catching the favored fish were Bill Witter reporting 17 caught Monday and Mr. George Heitzmann, 15. An exciting few minutes was spent by Harry Witter and Dec Elliott who each hooked large tarpons, but as usual the were not landed. It was quite a sight to see the big "Kings of the sporting fish" clear the water in their usual flight through the air and finally tear up the small tackle. It was fun while it lasted, they reported.

Many catches of green trout and perch have been reported lately. They have been caught in all locations here about with both live bait and artificial.

Mr. and Mrs. R. L. Genin who are among the most enthusiastic fishermen have been reporting several nice catches and "Bob" says they are getting larger and better all the time. Mr. Morrill says they are biting just everywhere. Hy Ososinach while fishing in Cuevas Bayou Sunday afternoon says he "hooked" the largest green trout in his fishing career, but the same old story "He got away."

This week-end many fishing trips are being planned and if the present weather conditions prevail the fish will have a tough time of it.

Besides fishermen the golfers of Bay St. Louis are anticipating a grand time at Pine Hills over the week-end when the annual Labor Day Tournament this Saturday, Sunday and Monday will take place. Many from New Orleans and along the coast will be on hand. About four flights will comprise the play and handsome prizes will be awarded the winners. R. L. Genin and C. C. McDonald are on the arrangement committee.

Bait and boats are plentiful at this time and all kinds of fish are biting.

Fred Wright, Jr., former resident, and friend from Gulfport paddled a canoe from that city Monday and are camping up Jordan river for a few days.

Even "Doc" Shipp and "Doc" Wolfe tried their luck with the mackerel and were two of the many professional men and out during the week. Tony Piazza gave the mackeral a "close" shave. Among a few seen on the bridge were, Joe Scharff, Bill Witter, Harry Witter, Clarence Mitchell, Terrell Manieri, Tony Piazza, Alden Mauffray, Alvin Genin, Bob Mitchell, John Ellis, "Doc" Roland, Raoul Telhiard, everybody else and their uncle.

Game Warden Randolph Bourgeois is active—See that you have a fishing license if you plan to do any kind of artificial bait fishing. You will save money in the long run and they are necessary.

Soft crabbing and floundering have not been so hot lately. Since the recent storm they have quit giving, but with the change in the tides no doubt they will be better shortly. Here's hoping.

—Motoring in a party on last Monday night to New Orleans to witness the Scalzo-Perrin bout in which Jimmy Perrin, New Orleans' featherweight champion was defeated, were Messrs. Vincent Morreale, Johnny Buehler, Joseph Gilbert, Roger Heitzman and Jacques Favre.

## HOUSE PARTY FROM NEW ORLEANS FOR LABOR DAY, 2ND.

Mr. and Mrs. J. E. V. Holzer will have as their guests on a house party over Labor Day week-end, at their summer home on Carroll avenue, Mr. and Mrs. P. L. Judlin, Mr. and Mrs. E. A. Romaguerra, Mr. and Mrs. R. D. Mestayer, Mr. and Mrs. H. D. Moynan, all of New Orleans. The party will be one of much enjoyment, enjoying the outdoors along the Coast as well as locally.

## MRS. SINGREEN ISSUES INVITATIONS FOR DAUGHTER'S WEDDING.

Mrs. Edmond Harry Singreen has issued invitations for the forthcoming marriage of her daughter, Dorothy Alice, to Mr. Henry Holland Collins, Jr., of New Orleans, which will take place on the afternoon of Saturday, September twenty-first, 4:00 o'clock afternoon, at the Singreen residence, Waveland Beach. An al fresco reception will follow in the south garden of the lovely home, known as the "Pirate's House." The wedding will be one of the larger and more prominent affairs of the immediate social season of New Orleans-Bay-Waveland section.

## MRS. EDOUARD C. CARRERE GIVES LOVELY PARTY AT LOCAL HOTEL FRIDAY.

Mrs. E. C. Carrere was hostess to one of the larger luncheon-bridge parties given this season. On Friday afternoon she entertained at nine tables of bridge at Hotel Reed, the guests including many from the New Orleans summer colony in Bay-Waveland as well as locally. Mrs. Carrere was assisted by her mother, Mrs. A. Clavier, whose lovely and interesting personality added to the charm of the party.

The decorative color scheme was pink and white and carried out to the utmost detail. Prizes were given to the high scorers of each table. Guests enjoyed this delightful afternoon to the extent not to soon be forgotten. Mrs. Carrere is one of the most popular of local hostesses and her parties claim wide interest in social circles.

## MRS. JOHN W. BRYAN ENTERTAINS AT DINNER TUESDAY AFTERNOON.

Mrs. John W. Bryan entertained informally at dinner Tuesday afternoon at her villa on North Beach Boulevard, the attractive table set for nineteen guests. The dinner celebrated the birthday of her son, John W., Tulane student, and a feature of the afternoon was the cutting of the birthday cake. Included in Mrs. Bryan's guests for the enjoyable affair were the following-named: Mrs. Donald Jewett, Mrs. Arthur de Fraites, Mrs. Virgil Jackson, Miss Elodie Bougere, Mrs. C. J. Chadwick, Mrs. Harvey Peltier, Miss Bernice Peltier, Harvey Peltier, Jr., Mrs. Hugh Burbank, Hugh Burbank, Jr., Mr. and Mrs. N. Dick, John and James Bryan and others.

The Misses Mildred Cagle of Bay St. Louis and Bertha Irene Koch of New Orleans attended the dance on Saturday night at the Markham Roof with Milton A. Phillips, Walter James Phillips, Steele Ansley and Mark Solomon when an enjoyable evening was had by this popular young group.

The Misses Catherine Ellen and Patsy Kehoe, daughters of Mr. and Mrs. Charles V. Kehoe, are planning an interesting trip to California in company with their aunt and uncle when they will visit the Fair in San Francisco and other points of interest along the Western Coast, leaving New Orleans about September 20th.

Miss Ida Plunkett, sister of Mrs. Emile J. Gex, who resides with the Gex family on Court street, was agreeably surprised one day last week when a number of her "close friend" called and apprised her of the fact that the day was her anniversary and showered her with gifts and good wishes, and causing the day to be a memorable one, in the life of Miss Ida.

Dr. and Mrs. A. P. Smith and young daughters who have been spending the summer registered at Hotel Reed will resume their residence at their South Beach home after Labor Day, when they are expecting their son-in-law and daughter Mr. and Mrs. Charles W. Clark, and other relatives to spend the early fall with them, a signal for a round of entertainment.

Mrs. Leo E. Kenney and daughter, Irma Louise, recently left for Battle Creek, Michigan, where they are registered at the hotel there and reports say they are enjoying their stay. The rest and change of climate is most soothing and welcome after the active summer in the Deep South. They plan to return home shortly as the cooler weather sets in. Before returning they will stop over in Chicago and visit friends.

Mrs. Alice C. Buckley was host to her weekly bridge Club on Monday afternoon when the party enjoyed contract on the cool porch of The Seagull, with a salad course and iced drinks served throughout the afternoon. Mrs. Buckley's guests were Mesdames F. J. Bopp, Harry Glover and C. J. Chadwick.

## HERES A HARD ONE TO SWALLOW.

We thoroughly agree with the editor of the Webster County Progress in the thought expressed in an able editorial published in his paper last week. He points out that some Mississippi newspapers are apparently aiding the candidacy of Wilkie for president, and advances the idea that if "Wilkie For President" Clubs are organized in Mississippi as is suggested by George L. Shelton, of Clinton, long-time leader of the Republican party in the state, that they should be named "Wilkie-Howard" clubs, since the Republican convention recognized Perry Howard, long-re negro Republican politician in this state, as Mississippi leader of

Any white Mississippian who are seriously considering voting the Republican ticket should know that by their act they are endorsing Perry Howard and his gang, and the putting of them in the position of handling the Federal patronage of the state in the event of a Republican victory.

Roben VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing", which so often upsets delicate digestions and lowers resistance when most needed.

## DOUBLE DIRECT ACTION

Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.
